67 Years of Success and Unity

For 67 years, the Turkish Women's League of America (TWLA) has united the Turkish community across the United States, fostering meaningful contributions in education, culture, and solidarity. This year, we are proud to host a Gala event that not only celebrates our deep-rooted history but also inspires hope for a bright and promising future.

This special occasion serves as a tribute to our past achievements while reaffirming our unwavering commitment to our community and shared values.

Our Vision and Mission

At TWLA, our mission is to bring together the Turkish community in the United States, preserving our rich culture, values, and the principles of Atatürk. Through education and solidarity projects, we strive to empower and strengthen the future of our community.

Since 1971, we have been dedicated to supporting the New York Atatürk School through financial assistance and unwavering commitment. Our mission remains steadfast: to teach our children the Turkish language, culture, and the universal values championed by Atatürk.
